Friday evening

Hi—

A very fast one, because if I don't write at the moment I think of it—I just may forget.

We are a matter of minutes—15 tops from WCAU so if we can be of any help to you with accommodations please say so. We'd love to have you stay here. We have a studio couch which opens up into a double bed in the recreation room + a powder room down there, too. We will be happy to chauffer you, etc. Of course this goes for Liz, too, the you is plural. Also keep it in mind for any other occasions.

When Mom told me yesterday you would be on WCAU radio, I thought it would be the Ed Harvey show, which is what I had in mind when I wrote you several weeks ago. Elsa told me it was the Jack McKinney show at night which we have never heard. Ed Harvey has an afternoon show which is

very popular. I assume he still does, I haven't listened to the radio in sometime, mainly because of the children's schedules. I used to listen to WCAU all the time except for good music. It is almost an all talk station. & when you are in with children so much it gives you some contact with the outside world although its frustrating not to have anyone to talk to about what you hear.

Also the Mike Douglas show (TV 3) goes on in Phila also. An afternoon show - a modification of the Tonight Show - that season around 1:00, but I probably told you about that in my last letter.

We are all fine. Joyce is at camp until July 9 - apparently enjoying it & missing home. They had a flood in their tent earlier in the week. She did well in school - and her behavior improved considerably as the semester ended and all activities ceased. We don't approve of children taking drugs as need, Butch wanted it and did very well with everything, except I censure her behavior & attitude.

Jratten did well, also. She is now learning to swim and enjoying it very much. Elaine loves the water. She imitates Jratten & generally tries to do all the things she can't and almost does.

Let us know if you want to stay here + we can send you directions from any point — or meet you wherever it's convenient for you.

Goodnight.

Love, Nora
